BIG OFFER.

We call the attention of our readers to a remarkable club offer we are making in another column for the Weekly Tribune. We are offering a value of $2.50 for $1.00. We hope all our old friends who have gotten in arrears will take advantage of this offer and pay up in advance for the paper. Be sure to read the offer.

Bishop Dubosh, of the M. E. Church, died last Monday in Salisbury, N. C., after an illness of several months.

The congressmen who propose to do away with the manufacture of ardent spirits strikes at the root of the evil, while others are hacking at the branches.

A Chicago preacher says a girl that can't cook shouldn't marry. How about the man who lacks ability to provide something to cook.

I have yet to see a Democrat in Virginia farmer who is in favor of free demn in unison with the Democratic tion of the Republican party. Not so far forgot that the Democratic party was a monarchist, and I wonder is the Republican party has made it.

Local politics are getting warm and factions are being formed. It declared himself a candidate for Mayor, and I am told that he will make a strong race. He has present friends, but he has many enemies. Blanton will be a hard man to defeat, but he has a strong opponent in the man worthy of support.

The race will be close, and it will be kept wide open.

Some of our exchanges are getting the city of Richmond all excited over evening attire.

"Watch your step" is the warning people are constantly receiving from the dispensers of information of all kinds. The slogan of the present administration seems to be "Watch your step" in all that it does, he does, he does, he does, he does, he must be sure to watch his step, or he will be sure to get himself in trouble. Watch your step and see that it does not lead you into the ditch of Democracy, for if you do you will surely get bogged down in the mire of Democracy and will know him wherever we hear him.

If old man Vanderbilt knew of the fact that his grand-daughter had given her person and her purse unconditionally to that fortune hunting, imported Count, he would have turned in his grave. Twenty millions of good American money gone to rea. "What fools we mortals be."

No wonder that there is unrest among the masses of Germany when the Kaiser has a private train of cars containing $1,000,000 and furnished with nurseries for the children, training and art rooms, bathe, dining and sleeping apartments, burglar proof compartments and all luxuriously attired, while millions of worthy subjects struggle for daily bread.

It seems to be definitely settled that folks in a quiet little town become pance stricken just as quickly as the fierce racked inhabitants of a big city.—Washington Post.

On the contrary, while big Wash ington and bigger New York were frantic during the panic, Appomattox pursued the "even tenor of her way," unmoved, unruffled and unconcerned.

The session of the legislature hurries to a close and nothing has been done with reference to the enlargement of the op-ration of the Jim Crow law. In congress the "James Crow" law received a black eye, but it will pass that body in due time and in the meantime we will take care of ourselves here in Virginia. In the interest of both races we again urge the legislature to separate them at our depots as well as on our cars.

Mr. and Mrs. John Garnett, of Cumberland, visited Mrs. M. C. Elcan Saturday and Sunday.

Dr. N. T. Hix and bride, of Wise, Va., visited relatives here last week.

Am sorry to report the severe illness of Mrs. H. A. Southall.

Miss Annie Jones has been appointed delegate to the International Sunday School convention which meets in Pittsburg, Pa. the 8th to 10th of March.

Little Richard McCraw, son of Mr. Ed McCraw near here, was very painfully though not seriously burned last week. He stood too near the fire and his clothes caught from the flame. He is improving.

Miss Graham Trent came home from the Normal school Thursday, for a few days visit to her parents.

Prospect.

Mrs. E. S Taylor and Mrs. Jas. Harris are both quite sick.

Mrs. W. H. Walden is improving. I hope the saw mill men won't kick their hooks too deep in Judge Tim.

It is high time for something to be done in regard to our country roads. How about wide tires for heavy loaded wagons or a tax on all regular haulers to go back to road duty. I am in favor of permanent road improvement as far as we are able to go and patch the balance. There are some places that nothing but Macadam will do and we have had good practically nothing. For goodness sake don't go up dirt and mud in late fall to down all the winter rains. Let us have roads rock bottom, certainly in the bad places, if we have to let other part alone.

There will always be doubting Thomasses as long as the world holds. If they were thrust in that well of doubt they would scarcely believe it there. I have always had a weakness for poetry and could quote some beautiful lines when the spirit moved me.

There is a wonderful tale on bee hive hill, on the North there's a river that flows at a few miles above in Jones' mill.

I would seem to me an arduous task for those to carry mountains to pass, And tell them about the vapors that rise, From that wonderful hole up to the skies. This existed in mother earth,

Was there long before my mother's birth. The hole is open for inspection so the word goes,

Since my dear sir, there is no dispute, There is no reason I shall be mute.

The Methodists are at it again.

It is enough to make a preacher quake, To see you have doubts as before,

I beg you to this hole to go,

And you may there a lesson learn,

As to whom it may concern,

And tell Uncle Billy and Uncle Van,

We visited them and noticed them,

Nor lost a single man,

There is nothing in the world like a hole in the ground.

Corn Culture.

The corn crop of the United States is the most important one with which we have to deal. A great deal depends upon getting the corn crop started right. We should have the land thoroughly prepared, it should be well ploughed with a two horse plough, just as deep as the soil will admit, eight inches if possible, be sure and not turn the clay. Let the subsoil plough run from four to six inches deep, according to the team, making in all 12 to 14 inches. I think one ton of lime to the acre necessary as most all of the lands in Southside Virginia need lime. This should be put on broadcast with a manure spreader, if you have one, or thrown from the wagon as you haul it. We let it stand for two or three weeks. The land should then be thoroughly cultivated, remembering a clod is no good in a seed bed. We apply 500 pounds to the acre of pure raw bone; broad cast with a grain drill. When the ground is warm we plant our corn, using nothing but well bred, well picked seed corn. There is nothing so important in the production of a large crop of corn as the seed

Just before or soon after the corn comes up we run a common drag or a corn weeder over the land checking the tender grass. We then begin with a walking or riding cultivator and continue to cultivate the land level and shallow as long as we can stay in the corn or until the corn is shooting and tasseling. At last working we seed German or crimson clover.

J. J. GILLIAM.

Miss Ida Webster, of Pratt county, Kansas, has harvested 8,000 bushels of wheat and 3,000 bushels of corn from her 800 acre farm this fall past. The place was cultivated under her personal supervision, and 12 men worked for her all the year around, with many more in harvest time. Her husband died 12 years ago and left her the place and its mortgage. Since then she has paid off the mortgage and is supposed to be worth $50,000.

A Mineral Water that Belies Its Origin
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants exist in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness,** Malaria, Kidney or **Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease, **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, you are interested.

Cut This Out and Save It.

There is so much Rheumatism here in our neighborhood now that be following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime, also drink plenty of good water.

I am assured that there are few victims of this dread and torturous disease who will find relief in this simple home made mixture and in most cases a permanent cure is the result.

This simple receipt is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisonous acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every person here who feels that their kidneys are not healthy and active, or suffer from any urinary trouble whatever, should get this mixture to make up this mixture, as it is certain to do much good and may save you from much misery and suffering after awhile.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

It makes no differ ence what it is if you will see A. H. Clement, and make the price right, he will sell it. Private or public sales arranged for A. H. CLEMENT,

Southside.

That old darkey hit the nail on the head when he said that roads in this section were "impassible," for it is well nigh impossible to get anywhere on a vehicle, however, a robin singing in a tree near our window trying his best to tell us that spring is coming, and that the roads will be better, when the sun is shining warm and bright, the buds swelling on tree and bush and the grass getting green, the discomforts of the severe winter will be forgotten and our natures will throw off their depression and join with nature in rejoicing that the blessed springtime has come again. How true it is that man's extremity is God's opportunity, for when we get to the place where we think we cannot stand any more, and who of us have not reached just that point, the blessed Master whispers His "peace be still," and "behold old things have passed away and all things are new."

Farm work is almost at a stand still with the exception of tobacco stripping, as the ground is too wet for plowing. We think there will be a large crop of the weed raised this year and think that labor will not be so scarce as so much of the work on the railroads have shut down.

The general health of the community is good.

Most of the members of Mr. T. Older's family who have been sick are well again.

We are glad to report that Mrs. John Thomas, who has been quite ill for some time is better.

Mrs. John Mann is getting better.

Mr. W. J. McDearmon who has been critically ill with pneumonia is getting better.

We extend greetings to one more pretty Southside bride, Miss Annie Mars hall, who married Mr. Eldridge Chesthan. May happiness attend them.

Mr. George Coleman, jr., attended a delightful party at the home of Mr. S. P. Wingfield last Friday night.

Miss Effie Wingfield who has been visiting her parents near Red House, returned to her school at Bent Creek Saturday.

Hello central, give us the Red House. Well Carline, what is the matter with you and Lucindy? Are you fixing to get married or has that old speckled hen hatched and are you attending to the little chicks that you have forgotten that the readers of our good paper enjoy your letters? Well just shut "old speck" up and let us hear from you and we will speak a good word for you to the first old widower we see.

Obituary.

On January 19th, 1908 at the home of her daughter, Mrs. W. I Cawthorn, Mrs. C. E. Carrington peacefully fell asleep to awake with Jesus. She had been ill since Christmas, but her friends were not expecting her death and her condition was thought to be better but she was taken worse Friday and only lived a short while. The deceased was the widow of Charles W. Arrington, who was killed in the war in 1865. She is survived by one brother and one sister, Mr. Marcellus Fitzgerald, of Petersburg and Mrs. William Dowell, of Tennessee and four children, Mrs. Annie S. See, Mrs. W. B. and Mrs. D. L. Cawthorn and Mr. W. E. Arrington, of Tazewell. The funeral was conducted by her pastor, Rev. D. S. Hubbell, after which the remains were taken to Union Hill cemetery and interred in the presence of a large crowd of friends, attesting the esteem of the community, for the deceased.

Mr. Charles Blanton died at the home of his son Mr. Willard Blanton in North Carolina February 20th. The deceased leaves two brothers and one sister and six children to mourn his death. His wife had been dead about eight months. Our sympathy goes out to the bereaved ones.

The permanent free school fund of Texas amounts to more than $50,000,000 in value, and the revenue comes in large part from interest on bonds of the various counties and much of it from rent or for rent or lease of school lands for grazing purposes and from interest on notes taken for deferred payments or land sold.

MONTHLY MISERY

is one of woman's worst afflictions. It always leaves you weaker, and is sure to shorten your life and make your beauty fade. To stop pain take Wine of Cardui and it will help to relieve your misery, regulate your functions, make you well, beautiful and strong. It is a reliable remedy for dragging down pains, backache, headache, nervousness, irritability, sleeplessness, dizziness, fainting spells, and similar troubles. A safe and efficient medicine for all women's pains and sickness.

Mrs. J. L. Broadhead of Clanton, Ala. writes: "I have used Cardui for my disease, which was one peculiar to women, and it has completely cured me."

Appomattox Warehouse

Opened up brisk on Monday the 6th. All tares were well represented and the prices obtained for the weed were very satisfactory. We now have four regular barns and with the assurance we now have before us we see no reason why Jarmin should give us the 1r fair patronage. Sales every day except Saturday. Come to the Appomattox Warehouse and save expenses, save distance, be happy and make us happy. Yours to please,
